GENERAL LUBRICANT: INCIDENTAL CONTACT

**5270 LINK WISE
Food Grade Semi-Synthetic Chain Lube**

Combination of synthetic lubricants & mineral oil
Compare to: CRC Chain Lube

Key Benefits:

- Temperature range: 0°F - 325°F
- Use on conveyor chains, packaging equipment, food service carts, sliding tracks, filling equipment, open drives, and more
- High flash point

**5280 PEN EASE
Food Grade Penetrating Oil**

Light, clean, quick penetrant
Compare to: CRC Food Grade Penetrating Oil

Key Benefits:

- Loosens corroded parts
- Gives long-lasting lubrication
- Speeds up disassembly, retooling
- Excellent rust preventative

**5380 SLIDE OUT
Dry Silicone Spray Food Grade**

Concentrated, dry, pure silicone film
Compare to: JAX DryGlide Food Grade Silicone

Key Benefits:

- Heat stable from -30°F to 300°F
- No sticky residue, safe for plastics
- Won't melt, freeze, gum or become rancid
- Complies with FDA regulations, CFR title 21, paragraph 178.3570 when fully cured

**5400 PURITY
Food Grade Lubricant & Protectant (aerosol)**

Sanitary lubrication of food processing equipment
Compare to: Arvoe Crown Food Grade Machinery Oil

Key Benefits:

- Non-toxic, odorless, tasteless
- Silicone-free
- Operating range: 0°F to 300°F
- Complies with FDA regulations, CFR Title 21, paragraph 172.878 & 173.3620

**5770 EZ LUBE
Food Grade White Grease (aerosol)**

Superior metal-to-metal characteristics.
Compare to: Sprayon White Food Grade Grease

Key Benefits:

- Lubricates, reduces friction & wear
- High viscosity, clings to vertical surfaces
- Temperature range: -40°F to 550°F
- Excellent adhesion properties; resists throw-off and wash-out

**6220 PURITY
Food Grade Lubricant & Protectant (liquid)**

Lubricates food preparation appliances, machinery
Compare to: Arvoe Crown Food Grade Machinery Oil

Key Benefits:

- 100% biodegradable & odorless
- Convenient one-step application
- Petroleum white mineral oil
- Meets 21 CFR 172.878, 178.3620, 573.680

L108 EZ LUBE Food Grade White Grease (tube)

Multi-purpose, high purity lubricant for long-lasting grease protection
Compare to: Sprayon White Food Grade Grease

Key Benefits:

- Reduces friction & wear, lubricates, resists extreme pressure, corrosion & water washout
- Temperature range: -40°F to 500°F
- Ideal for bakeries, breweries, dairies, food processing, meat/poultry processors, pharmaceutical manufacturers
